RAILROAD NEWS

SOUTHWESTERN HAS TWO DERAILMENTS

Union Station Yard Switch Proves Hoodoo for Locomotives.
Two engine derailments within a space of 24 hours in the same place occurred at the union station Thursday and Friday. Engine No. 138 pulling east-bound Southwestern train No. 2, was derailed at the east opening to the union station yards just as it was leaving the station Thursday afternoon at 6:55 o'clock, delaying that train an hour.

Friday morning engine No. 139, carrying train No. 34, which left the station at 8 a. m., was derailed at the same spot delaying the train until 5:35 a. m.

A Southern Pacific switch engine pulled the derailed engine back on the track and the train left the station by backing to the G. H. roundhouse, then transferring to the Southwestern main line on the transfer track. Spreading rails are supposed to have caused the derailments.

RAILROADS WORK MEN TOO LONG; FACE GOVERNMENT SUITS.

Kansas City, Mo., July 15.—Charging violation of the "pure of service" act, suits aggregating \$42,000 in penalties were brought against various railroads by Leslie J. The suits follow:

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all druggists.
